PWS&D Mission Moment

Since 1943, Camp Kannawin has faithfully gathered children and youth on the shores of Sylvan Lake, AB, for a summer of outdoor adventures, fun activities, and spiritual growth. Last year, the camp expanded its programming by partnering with Sphero, a leading name in educational robotics, to introduce the wonders of coding and robotics to campers. Now, campers have the opportunity to explore and engage in the world of technology as they learn to code their own robots, witness their creations come to life, and participate in fun challenges that foster collaboration and innovation. Due to popular demand, the programming is available again this summer.
